When you submit an enquiry through the Contact Us form, we may collect:

- your name;
- your email address;
- the subject of your enquiry; and
- the information contained in your comment or message.

Please do not include sensitive personal information in your message unless it is necessary and specifically requested by Geniserve.

Geniserve does not collect CVs or employment applications through its website.

The website hosting and maintenance systems may automatically process limited technical information necessary to deliver, maintain and secure the website, such as IP addresses and basic security logs.

3. Why We Collect Your Information

We use information submitted through the website to:

- identify and communicate with you;

Information submitted through the website may be accessed by authorized Geniserve personnel who require it to respond to your enquiry.

Approved service providers, including the website hosting or maintenance provider and Microsoft 365, may have limited or incidental technical access where necessary to provide their services. Such access shall not permit the provider to use the information for its own purposes and shall be subject to appropriate confidentiality, privacy, security and contractual requirements.

Geniserve may disclose personal information where required by law, court order or a properly authorized regulatory, judicial or law-enforcement authority.

7. International Processing

Some approved cloud or website service providers may process or store information outside Nigeria.

Where an international transfer is subject to data-protection restrictions, Geniserve shall apply an appropriate legal transfer mechanism and reasonable contractual, technical and organizational safeguards.

8. Data Retention

Geniserve will retain your name, email address, subject and enquiry only for as long as reasonably necessary to respond to and follow up on your request, and thereafter only for any period required or permitted by applicable law, contractual obligations or the establishment, exercise or defence of legal claims, after which the information will be securely deleted or anonymized.
